BLOCK PARTIES

In order to grant permission to close a street, the Village must first obtain some important information to ensure the safety of those who reside on the block: First, we will need a spokesperson's name, address and telephone number. Second, we will need the date, time and the location of the street to be closed. Third, we will need signatures approving the block party from all the residents whose driveways will be within the closed area.

Attached you will find a form stating the conditions which the neighbors must agree to follow. Please fill out this information and return it to the Lindenhurst Police Department.

Have an enjoyable and safe block party.

Peace,

Jack McKeever
